Learning German in Berlin

It is very common to hear that German is a difficult language, so allow us to show you the opposite to be the case. With us, you will learn German, you will get to know a fantastic city and on top of that you will have a great time in class. Our classes are made up of small groups of no more than ten people, where at the same time you will get to meet new people, learn efficiently and prepare yourself to receive an official certificate. Our teachers have a high-level qualification in teaching and supply entertaining, varied and efficient classes.

Regardless of how long they are here for, we want our pupils to learn as much as possible and to get to know this fabulous city and its people; that they take home happy memories of Berlin. For that reason, apart from the classes, we also offer accommodation in the very centre of the city, we organise **cultural programmes** (for further information see the Pdf at the bottom of this page), and both the tutors as well as the staff at reception are available to the students to help them in the day to day. For those resident in Berlin, we also offer a special service as assistant intermediaries to contact the official state bodies. Choose the course which suits you best, all of them follow the European standard of reference and serve as well as preparation for the official certificates from TELC. You can find more information about our way of working here.

With us, you can combine a wonderful stay in Berlin and the course in German you need. We offer courses both for absolute beginners as well as those who wish to expand their knowledge or even wish to achieve a certificate in no time at all. The accommodation is located in the centre of Berlin and is very close to the schools. If you desire any specific type of cultural programmes, just let us know, because we are going to try to turn your stay in Berlin into an unforgettable experience.

For residents, we also offer special long courses - integration courses - processed by the Office of Immigration.

Beginners can start intensive courses at least each first Monday of the month. If you have some previous knowledge, you can start every Monday. You can find details about our German intensive courses here or in the PDF below. You can enroll here. Please feel free to contact us by email or telephone for further details.
