Combined courses

If you want to prepare yourself for an exam or you wish to personalise your learning with specific content, you can book extra private classes, alongside the group classes. You do the general block of classes in a group and the specific material in private classes. Enjoy time and money!

Combined extra

During the summer, we also offer other types of course which are even more intensive, combining the standard groups, the mini-groups and the private classes. In the mini-groups of between three and five participants, you can learn material tailored for exams, do special practice for phonetics or learn the history of Germany, for example. The combined courses extra are 100% adapted to the needs of the students and are ideal for those students who want to learn very quickly.
