Intensive courses
If you fancy combining your visit to Berlin with a German course, you will see that we will make your stay unforgettable. In our small classes you will easily build up a relationship with the other students, and the teachers and our communicative method will help you to learn having fun whilst the city of Berlin takes of the rest!

We offer you varied classes in which you will not only learn grammar, but also the parliamentary system, for example paying a visit to the Parliament. In addition to our excursions to practice German out and about, we also offer **trips around the city after classes** (please have a look at the Pdf below). The classes on the standard intensive courses normally run from 10 a.m. till 1.15 p.m. or from 2 to 5.15 p.m. If you have booked private classes or mini-groups, you will have classes at midday or in the afternoon. During the summer, in addition, we offer special courses with a cultural programme.

In the same manner, we will see to looking for accommodation for our students in one of our flats or apartments. There are different options available to you; choose the one which suits you best. For those who have little time on their hands or who want to enjoy their stay in Berlin to the maximum, we have combined courses which offer the possibility of joining the standard intensive with private classes. That way, you can learn in your own fashion but an economic price. In summer there are also extra combined courses; here you can combine the standard intensives not only with private classes, but also with classes in mini-groups. Take our free placement test and you can book your intensive course right away.
